

HAVE A CHOICE OF CAREERS UPON GRADUATION
THROUGH OFFICERS IAS ACADEMY'S ONLINE UPSC COACHING PROGRAM

The world is undergoing tremendous changes (ex. Cloud in IT, Automation in other industries, Robotics in Manufacturing etc.), the number of people entering the workforce is increasing with each passing year, and competition is increasing. The result? Reduced opportunities, reduced salaries and limited growth prospects.

Which means that the world for which you are preparing so hard, might be very different when you graduate.

Fortunately there is an alternate career option that is available to you – joining the Government of India as an IAS Officer (or IPS, or IFS, or IRS, or 15 other Civil Services). Where the excitement of occupying one of the most prestigious positions in our nation goes hand-in-hand with the ability to make a difference to the citizens lives. Where every day brings new challenges and new opportunities.

And your chance of cracking the UPSC examination dramatically increases when you study with the gurus at Officers IAS Academy. You see for many years now we have been churning out achievers in the UPSC examination through a combination of a unique understanding of the mind of the examiner, a dream team of faculty, a highly relevant and syllabus oriented pedagogy, a rigorous schedule and above all passion. And it helps that many of the gurus who will teach you and hold your hand are former Civil Servants (like IAS Officers) themselves who not only passed the examination, but went on to serve with distinction.
