# Testimonials

Dear Guna Sir,

It is with a lot of gratitude that I give this heartfelt endorsement of your current affairs course. It helped me greatly in tackling UPSC Prelims and mains. Your monthly magazine 'Officers' Pulse' was the only magazine I followed for current affairs.

Dear Guna Sir,

I would like to convey my sincere gratitude for handholding and mentoring throughout my journey of preparation. Especially your current affairs classes have helped me a lot in handling both prelims and mains.

Also, your economy classes has helped me a lot in sailing through very easily despite being from a different background.

Once again my heartfelt thanks for being there for aspirants like me and for doing that extra mile from your side.

Good evening Guna Sir,

I feel thankful to had for keeping me in a situation so that I could share a testimonial to one of my many teachers. First of all, Your guidance was sincere and precise. It helped to gain confidence during my interview preparation. I would say, you are one among the very few persons who made me to believe that I could do the interview fairly. The discussion you conducted to clarify on my doubts and guidance on selected current affairs were very helpful. Your Officers' Pulse in-depth is what I mostly referred at the jag end of my preparation and that is the one which I, now, refer to many of my friends. I consider this message is less of a testimonial and more of expressing my thankfulness towards you sir. Thank you again sir.

Sincerely,

Guuna sir is well known for his approachability and also in imparting tips & tricks to the UPSC aspirants while facing prelims as well as mains examination. Sir gave lot of suggestions on how to structure my answers for General studies mains papers. I worked hard on accommodating those suggestions and that became instrumental in the improvement of my scores in Mains General studies Paper especially in Paper 3. I would also like to thank Sir for giving valuable inputs while preparing for my personality test in 2020.
