Chennai

These are our campuses. We prefer to call it your "Gurukul", where thousands of aspirants like you, walk through the entrance everyday, in the hope of fulfilling their cherished dream. And everyone at this Gurukul does whatever it takes to make your dream come true. Welcome to the start of what will be an incredible journey. #scriptyourlegend

Dear Civil Service aspirant,

Sir Edmund Hillary, who was the first to conquer the previously unconquerable Mount Everest said, "You don't have to be a hero to accomplish great things. You can just be an ordinary chap, sufficiently motivated to reach challenging goals. My abilities have not been outstanding, but I have had sufficient strength and determination to meet my challenges and have usually managed success with them."

Looking back, I draw parallels with my own life. I graduated not as a University Gold medallist, but just as another ordinary chap. For me, my ambition of clearing the IAS examination was akin to climbing Mount Everest – almost next to impossible, given my abilities which couldn't be called outstanding. And yet here I am, a former Civil Servant (IAS), who served with distinction and now founded one of India's most renowned UPSC coaching institute.

How did I get here? Through systematic hardwork, determination and a "fire in the belly".

Welcome to Officers IAS Academy. Like me, most of you may be an ordinary youngsters with Himalayan dreams to conquer. I, along with a few Civil Services Officers have teamed up with a "Dream Team" faculty, gurus in their subject with a passion for teaching students, to give the best all-round UPSC coaching in the country. Every aspect of the pedagogy has been meticulously designed to not only cater to the changing analytical patterns of the question paper, but also keep abreast with the latest trends and developments.

We conduct weekly mock tests and frequent guest lectures by eminent personalities which will help you face the UPSC examination with confidence and give a good shot at clearing this highly competitive and prestigious exam on your very first attempt. Each and every one of you will be given highly personalised attention and guidance in accordance with your strengths and weaknesses.

Your IAS ambition may look like the unconquerable Mount Everest if you keep on seeing rather than climbing. Start climbing with us hand in hand and we will make you realise that it is just like any other mountain if you climb systematically. I along with my team will make your journey to IAS as simple as possible

Wish you all success

About Officers IAS Academy

Officers IAS Academy is the only UPSC (Civil Services) coaching institute in India that is founded and run by a few former Civil Servants. The Team comprises of passionate and like-minded individuals, these highly accomplished and respected Civil Servants resigned from service to embark on a mission to teach and mentor UPSC aspirants and in the process nurture them to create the next generation of Civil Servants. What sets apart Officers IAS Academy from the numerous coaching institutes that have proliferated is the academic excellence that is fostered through a core faculty who have not only cleared all stages of the examination (Prelims, Mains and Interview), but have gone on to serve this nation with distinction- **"Teachers who are achievers themselves"**. This is backed by a highly relevant pedagogy, rigorous coaching schedule, a rhythm of preparation, efficient R&D, evaluation and feedback, and personal mentoring.

Our teaching methods are rooted in certain time tested principles, which lead students to understand the basics and encourage them to question the facts and concepts, rather than just accepting them blindly. Our effort is not only to provide them with a roadmap to their dream of entering the Civil Services, but continuously supporting them along this marathon journey, tracking individual progress and making course corrections.

At Officers IAS Academy, our ultimate endeavour is to emulate the Gurukul System where the students are trained by the Gurus to achieve what the Gurus have themselves achieved.

One Goal - Many Options

The unique aspect of the programs we conduct is the thoughtfulness that has gone into the curriculum design so as to optimise the number of sessions and the time spent by the students in preparation while ensuring the syllabus is covered in a balanced mix of comprehensive and foundational manner and thereby giving the students the confidence to attack all three stages of the exam, successfully, in the very first attempt.

General Studies – Prelims cum Mains

Covers the complete GS (General Studies) syllabus for both the preliminary and mains examination. In addition, it includes crash course, test series and mock interview boards. Our most popular package. Duration is 18 months.

Optional Program

Exclusively focussed on the optional paper, students have the opportunity to be coached on one of the following optional subjects – Public Administration, Anthropology, Sociology, Psychology, Law, History, Geography and Tamil literature.

CSAT Program

A program designed to tackle basic numeracy, logical reasoning and reading comprehension with the easiest of short-cuts and time - saving techniques.

Crash Course Program

This specially designed program is meant for those who have taken the Prelims and Mains in the past or those who are already in service. The entire syllabus is covered on a war footing.

One Goal - Many Options

Interview Program

Another exclusive program, this helps the students prepare for the interview stage – the final hurdle before becoming a Civil Servant. Our mock interview boards are comprised of literally a who's who of Civil Servants (serving and former) and other well known personalities. This in-depth, and highly acclaimed program gives you the confidence it takes to appear in front of the board.

Test Series

This is a well thought of and highly predictive question bank, separately for the Prelims and Mains. These questions are on par with the UPSC format, and is followed by intensive test discussions. Our popular test series gives students the confidence they need to face the real exam successfully. Combination of both offline and online options.

Online Coaching

We offer this facility for aspirants who cannot come down to Chennai. Study material for both Prelims and Mains are made available to the students for General Studies, Current Affairs (via email) as well as Test Series.

Aside from covering the syllabus for the UPSC Prelims and Mains, separate classes are conducted to guide the aspirants on How to read "The Hindu", note taking, essay writing, answer writing modules and more.

The Key People Behind Officers IAS Academy

A Chartered Accountant and Cost Accountant, he decided to become a Civil Servant and secured AIR 46 in his very first attempt. He like Israel has a passion for teaching

Unique Teaching Pedagogy

Officers IAS Academy distinguishes itself from other UPSC coaching institutions through its pedigree, its investment, and focus on a number of aspects that ensures that the student is at the epicentre of everything we teach and do. And thereby ensuring their success.

OFFICERS THEMSELVES TEACH

Our pedagogy is designed and delivered by experts who have not only cleared all stages of the UPSC examination and that too more than once, but have gone on to serve this nation with great distinction. Students are taught what is essential to pass each stage, each with its own expectations and nuance. In short students experience “Inside the Mind of the UPSC examiner”.

INDIVIDUAL ATTENTION & PRECISE DELIVERY

Given the vast amount of reading material that is readily accessible it becomes all too easy for a student to be swamped by the sheer volume of what to read. We instead focus on ‘Precision Delivery’ of the syllabus. Having coached thousands of students since inception, with a successful track record, we know exactly which portions matter, and what needs to be covered within that. Which means students are able to cover exactly what is needed for the examination without a feeling of incompleteness.

RIGOROUS TESTING, EVALUATION AND FEEDBACK

Many students (and their parents) tell us that the rigorous schedule we follow at the academy is the biggest source of reassurance and confidence. Every Friday is Test Day (Weekly Tests), and students are expected to compulsorily take it as well as prepare for it. This is a shared responsibility as well – our “Dream Team” faculty diligently evaluate the answer papers and give personal feedback.

R&D / OFFICERS PULSE

Our dedicated R&D team is the backbone of your preparation journey. With unwavering commitment they meticulously sift through the daily news, curating essential content to lighten aspirant’s load. “Officers Pulse” can be your go-to resource which has daily, weekly and monthly consolidation of current affairs.

Unique Teaching Pedagogy

MENTORING PROGRAM

'Hansei' (Japanese word for Mirror) is a unique mentoring program to help our students handle the preparation overload and guide them in this marathon. Each fortnight the mentor and mentee meet to uncover weaknesses, arrive at a plan to address it, review progress or simply have a heart-to-heart chat. Special sessions are conducted for students in areas such as Time Management, Stress Management, Focus and Essay Writing.

EXPERIENCED FACULTY

We are fortunate that our "Dream Team" faculty are not only experts in their subjects and teach as per the syllabus, but they have the unique ability to predict the mind of the examiner. They're gurus who have not only cracked the UPSC exam but gone on to serve as Civil Servants - giving them unique insights and perspectives on what it takes to succeed and to serve. But most importantly they have a passion for teaching and go over and beyond to clarify the doubts and explain concepts so that our students are confident about cracking the exam.

COURSE MATERIAL AND TESTS SERIES

The pedigree of the founders, and the highly experienced and passionate faculty, are reflected in the course materials and the test series and the supporting guides that we provide to the students. But we go one step ahead through our unique ability to 'predict' based on the current events around us and past papers, the questions that are most likely to be asked in the UPSC examination. This, on top of everything that we teach and impart, is the icing on the cake.

While each of the points highlighted above is important by itself, taken together, they constitute the very nucleus of the Officers IAS Academy. This nucleus (or "kendraka") and the resulting experience that we impart to our students is through our pedagogy, the best in the industry faculty, a unique mentorship program that puts students on the right track through highly personalised guidance, passion for what we do, and great insight on what it takes to crack the IAS exam - something that can come only if one has experienced it.

K. Vijay Iyer

Chief Executive officer

The Key People Behind Officers IAS Academy

He comes with a rich experience of more than 30 years, in senior positions in corporate, across globe in various verticals. He has been an entrepreneur himself involved in a social enterprise, which subsequently became a Government of India Project implemented by all States. As a CEO, he ensures the administration of the academy works round the clock to take care of the needs of the students.

Mentorship Program

A recent innovation has been the rollout of a well thought mentoring program called 'Hansei' (Japanese word for Mirror). We recognise that having a dream by itself is not enough for these students. Once they start their preparation it is easy to get overwhelmed with the vast syllabus that needs to be covered, the peer pressure and the time constraints. More often than not, most students are not aware of their areas of weakness nor how to overcome them. This becomes a self-fulfilling cycle that derails many students. What makes this more than a placeholder is that we have identified a group of mentors who are either serving in the Civil Services or retired from it, and have assigned students to them. The mentor and mentee meet according to a set calendar and the aspirant's progress is reviewed, weaknesses identified and a remedial program is put in place.

Mr. Israel Jebasingh (IAS - 2004)

By working closely with the IAS aspirant, and understanding their aspirations and preparation, we are better equipped to guide them truthfully and precisely. We do this quite literally by holding a mirror to them and pointing out their gaps so they can self-reflect, and then work with us to fix those weakness, so their chance of success is assured and they take the exam in a state of calmness and confidence.

We do not merely prepare the students to crack the exam, instead it is our intent to produce officers who have compassion for the poor and the needy, possess integrity, act with impartiality and never waver from the path of what is right. In short make our students stand for something and make a difference.

Mr. Rangarajan (IAS - 2005)

Steeplechase Program

If an aspirant walks into Officers IAS Academy, we take every possible effort to ensure that they get into their dream service IAS / IFS / IPS. In case if an aspirant misses his/her first attempt, we do not send them out. Rather we handhold them for their next attempt without charging any fees through our STEEPLECHASE Program.

THE JOURNEY FROM OFFICERS IAS ACADEMY, CHENNAI TO LBSNAA
(LAL BHADUR SHASTRI NATIONAL ACADEMY OF ADMINISTRATION), MUSSOORIE
IN THEIR OWN WORDS – SOME OF OUR SUCCESSFUL STUDENTS

It is my pleasure and honour to share my pedagogical experience with Officers IAS Academy and the man behind it – Mr. Israel Jebasingh. When I started my preparation, it was very scattered. It was Officers IAS Academy that helped me focus my preparation efforts that resulted in a highly satisfactory score. The valuable inputs from Israel sir brought about a change in the way I approached this examination. I am extremely happy to say that Officers IAS Academy has been vital to my success.

Vinod Vikeshwaran, IDES

Officers IAS Academy is the best place to make your dreams come true. Israel sir being an IAS Officer himself knows what to teach, how to handle the students and so on. He is easily accessible and readily available to give guidance to students.

Ronnie, IFS

Officers IAS Academy is the right platform to prove your potential and reach great heights. It is a great asset for all Civil Service aspirants.

Brinda Boopathy, IRS

Officers IAS Academy is the best platform for a Civil Service aspirant to turn his dreams into a reality. High motivation and individual attention along with apt coaching by Israel sir is the reason for me becoming a topper.

Arun Raj, IAS
(All India 34th Rank, 2015)

Officers IAS Academy is the right choice for all ambitious Civil Service aspirants. A friendly atmosphere along with required teaching, weekly tests and one-to-one feedback from the faculty are a few reasons which helped me attain this height. Thanks to Israel sir for his contributions.

Dhivya, IAS

A wet clay can be moulded to a perfect shape only if it is in the hands of the right person. Likewise, Officers IAS Academy moulded me in such a way so as to enable me to reach IPS.

Aravind, IPS

I thank Officers IAS Academy for continuous support through all 3 stages of the examination and helping me secure AIR 50. The individual attention and guidance I received from Israel sir and Rangarajan sir were instrumental in helping me crack this exam.

Student Testimonials

THE JOURNEY FROM OFFICERS IAS ACADEMY, CHENNAI TO LBSNAA
(LAL BHADUR SHASTRI NATIONAL ACADEMY OF ADMINISTRATION), MUSSOORIE
IN THEIR OWN WORDS – SOME OF OUR SUCCESSFUL STUDENTS

Israel Sir helped me push past my fear and helped me write this exam with a lot of self-confidence. That has paid off immensely. I will always be grateful to Israel Sir for helping me find the belief and capability in myself to succeed.

Keerthi Vasan, IAS

I am grateful to Officers IAS Academy for helping me finetune my answer writing in Mains. My mentor, Rangarajan, was often eagle-eyed and helped me streamline my answers. It was thanks to him that I was able to write my answers confidently.

Mittali Sethi, IAS

I was very keen on becoming an IPS Officer since my childhood. I wanted to help people. So I enrolled with OIA. Over the years, I have experienced a change in my world view, I was able to appreciate the journey of UPSC a lot more since I was able to understand my subjects with a great attention to detail.

Vijay Shankar, IPS

I was a complete novice, and I moved to Chennai for the first time. I faced relatively few difficulties seeing that I was helped almost all the way by Israel Sir and his team. I felt very safe and was able to concentrate only on my preparation. This was only made possible by OIA and their timely help.

Jayasharadha, IRAS

Since I chose to study in the study halls, I feel like my competitive spirit got the best of me and I was able to study more and for longer as I saw everyone around me do the same. I kept on track with my weekly tests, the faculty feedback and the incisive commentary of the faculty.

Kiran Shruthi, IFS

Whenever I felt burnt out by my preparation and felt like there was too much to do, I attended the guest lectures at OIA. I was swept away by the stories of the men and women who came before me, I was able to build momentum and reach my goals. I am so happy I joined OIA.

Jagan, IRS

Why we chose Officers IAS Academy

Our Students in Their Own Words

Being an R&D engineer and Manager by profession, I applied the same research and analytical approach in choosing the institute that I wanted to join for my UPSC preparation. And based on what is needed to succeed in this highly competitive examination and the performance track record, Officers IAS Academy was my preferred choice. The faculty, their experience, the weekly tests and the Test series are some of the factors that students experience when they study here. But to ultimately succeed, mere learning by itself is not enough, rather every aspirant needs proper guidance, an area in which this academy excels. So in the ocean called UPSC, your lighthouse is Officers IAS Academy.

HariHaraSudhan

Officers IAS Academy offers a blend of learning, inspiration and the application of enduring principles with the result that I get to learn something new with every interaction. The entire study environment makes it conducive for us aspirants to be focussed on our learning and preparation efforts, and it inculcates the spirit to stand out amongst the other talented and hardworking students. Another unique feature is the professors who impart quality education - never will the students find themselves in a situation where they are unable to grasp a concept, and in the rare event that they do, the faculty is always on hand to clarify and guide. The institute's library quenches my thirst for knowledge through a sheer variety of books, papers, periodicals and the helping staff. I could not be happier in choosing Officers IAS Academy for my UPSC preparation.

Sangam Chawda

Right from the portrait in the entrance that welcomes us aspirants every day, to the founding team that is comprised of former Civil Servants, the faculty who are all experts in their respective subjects to the personal guidance and unique Mentoring program - each and every aspect of the Academy inspires and encourages me to be a Civil Servant one day. And with Officers IAS Academy guiding me, I know that I will get there.

Aakash E

What attracted me in the very first place was that the faculties are former Officers themselves. Subsequently when I came for counselling and they patiently explained the Study Strategy that is sincerely followed, I was impressed and my confidence got a boost. But after meeting Israel sir and understanding how the Academy will help me crack the UPSC examination, I just knew that I had to become a student of Officers IAS Academy. Today I have the confidence that "Yes. I can do it!"
