

# STUDY PLAN FOR 1st 15 TESTS

## DEAR STEEPLECHASE STUDENTS,

UPSC Mains demands a strategic approach to conquer its vast syllabus and answer writing format. It is important to set achievable daily targets and complete specific chapters or topics within a defined timeframe. This helps you to stay focused and motivated. In order to help you all with the right guidance and strategy we have come up with the study plan for every test. It has been designed carefully to help you revise effectively within the time you have before each test.

## Structure of the plan

**The plan details the syllabus for each day and the timing you are supposed to dedicate to complete the syllabus. Assuming that you are dedicating 8 hours per day, each day is divided into 3 slots.**

- 1) Slot 1-** 3 hours of study for covering MAINS HARVEST as per the syllabus
- 2) Slot 2-** 3 hours of study for covering MAINS HARVEST as per the syllabus.
- 3) Slot 3-** 2 hours for related current affairs and PULSE In-depth topics.

## Note:

- The study plan starts on July 12th keeping in mind a “3 day” study plan for each test.
- **Every Monday, study plan will include only slot 2 which will include 3 hours of study for the upcoming test.**
- **Every Thursday, the time after the test has to be utilised for revision of answer keys of the previous tests.**
- As the test happens between 3 p.m and 4.30 p.m on Mondays and Thursdays, you can utilise **the morning time on test days for revision** of the portions that you have studied.
- On days available before the essay test, you can utilise the time for completing any pending portions.
- As the Steeple Chase tests are focussed only on the GS syllabus, students are advised to plan and allocate at least 3-4 hours for preparing for their respective optional subject.
- **As of now the study plan for the first 15 tests has been provided. The study plan for the remaining tests will be provided soon.**

Hope this guided strategy will help you sail through mains easily! Consistency is key! Follow this plan diligently to maximize your chances of success in the UPSC CSE exam.

## Happy learning!
